EX-Z26 Features

Sleek, Stylish Design

Casio EXILIM has redefined digital camera “style” by introducing the world’s first super-slim and sleek camera models. The new EX-Z26 is no different, embodying the smooth design and functionality that EXILIM is known for. It fits perfectly in the palm of your hand and features smooth lines and an array of beautiful colors to choose from.

New Simplified Easy Mode User Interface Makes Taking Great Pics a Snap

Even the most inexperienced photographer can take gorgeous photos with the EX-Z26’s Easy Mode User Interface. The only settings you have to adjust on our 2.7-inch LCD screen are image size, flash and self timer – the camera does the rest! Best of all, your options are displayed on a simplified menu, making your adjustments quick and easy. Add in automatic Face Detection technology that automatically provides optimum focus -- even in less than optimal lighting -- and the EX-Z26 can help you take the best shots of your life.

Integrated YouTube Capture Mode for Easy Video Sharing

This feature enables you to easily record family moments or fun times with friends. Video is optimized to a web-friendly 640 x 480, H.264 format for quick transfer to YouTube, through Casio's YouTube Uploader software. Then simply share with a few clicks of your mouse.

Big, Bright LCD Screen Brings Your Scenes to Life

Our 2.7-inch LCD (230K) screen provides an increased brightness and higher contrast, which gives you better image contrast, even in bright light situations. The wide 180-degree viewing angle makes it easy to line up your shots from any perspective, ensuring that what you see is what you get.

BEST SHOT Function Produces Beautiful Photos with Just a Touch

The EX-Z26 also offers BEST SHOT technology, which automatically analyzes your scene and applies the best settings for capturing perfect images and video. This feature applies face detection, auto focus and exposure settings to a total of 23 types of scenes, offering optimal configuration in just about any setting or situation.
